United Nations High Commissioner for Refugees

Poland

We would like to bring your attention to the following excerpts, taken directly from Treaty Body Concluding Observations and Special Procedure reports, relating to issues of interest and concern to UNHCR with regards to Poland.

**Treaty Body Concluding Observations**

CRC/C/15/Add.194 31st Session
30 October 2002

12. *The Committee encourages the State party to take all necessary measures to ensure that its domestic legislation conforms fully with the principles and provisions of the Convention, in particular in the area of juvenile justice, unaccompanied asylum-seekers and sexual exploitation of children.*

20. *The Committee recommends that the State party… ensure that the current system of data collection and indicators are disaggregated by gender and, where appropriate, by minority and ethnic group, and urban and rural area. The current system of data collection should be expanded, with the assistance of relevant ministries and authorities, to include all areas covered by the Convention, including all aspects of the juvenile justice system and assistance provided to child victims of sexual exploitation or abuse. The system should cover all children up to the age of 18 years, with specific emphasis on those who are particularly vulnerable, including child victims of abuse, neglect or ill-treatment, children with disabilities, children belonging to ethnic groups, refugee and asylum-seeking children, children in conflict with the law, working children, children living in the streets, children involved in commercial sexual exploitation and trafficking, and children in rural and economically depressed areas.*

30. *The Committee notes the State party’s efforts to require administrative and judicial proceedings to take into account the views of the child, but is concerned that in practice this principle is not always implemented, particularly in proceedings involving unaccompanied children applying for refugee status, juvenile offenders and children placed in institutions, as well as in custody hearings.*

46. *The Committee notes the State party’s efforts to speed up the processing of refugee cases, but is concerned that the claim of unaccompanied minors are slowed down by cumbersome procedures for appointing a legal representative of such minors applying for refugee status, who is solely responsible for administrative matters and not obligated to act in the best interest of the child. Furthermore, the Committee is concerned that children waiting for their refugee claims to be processed do not have opportunities for education if they are housed in emergency blocks and that, in some cases, they are held together with juvenile offenders.*

47. *The Committee recommends that the State party:*
(a) Amend current legislation on refugee processing so as to ensure that all unaccompanied minors are immediately appointed a legal guardian responsible for them who is obligated to act in their best interest and to take their views into account;

(b) Ensure that asylum-seeking children temporarily placed in emergency blocks are not held together with juvenile offenders and only remain there for the shortest possible time, and not exceeding the legal maximum of three months;

(c) Ensure that all children awaiting processing of their refugee claims in emergency blocks, the refugee reception centre or other forms of care have full access to education.
