Paragraph 14 should read as below:

14. During the past five years 2003-2007, the economy has grown on the average of 10 per cent per year, the inflation rate is under 5 per cent and the exchange rate is normally stable. The income per capita has been increased from US$ 398 (2000) to US$ 625 (2008). The poverty rate is decreased by more than 1 per cent per year.
